

APPEAL NO. 021285
FILED JULY 1, 2002

This appeal arises pursuant to the Texas Workers' Compensation Act, TEX. LAB. CODE ANN. § 401.001 *et seq.* (1989 Act). A contested case hearing was held on April 25, 2002. The hearing officer held that the respondent/cross-appellant (claimant) sustained a compensable injury on _____, but that he did not have disability as a result of that injury. The claimant appeals the disability determination and the appellant/cross-respondent (carrier) appeals the injury determination.

DECISION

We affirm the hearing officer's decision.

The hearing officer evidently resolved the conflicting evidence in favor of the claimant, believing that there was an injury but that it was not severe enough to cause the claimant to be unable to continue working. These inferences are supported by the record. We cannot agree that the findings of the hearing officer are so against the great weight and preponderance of the evidence as to be manifestly wrong and unjust. In re King's Estate, 150 Tex. 662, 244 S.W.2d 660 (1951). We therefore affirm the decision and order.

The hearing officer's decision and order are affirmed.
